

Behaviour Policy

Challenge Wales aims to create an environment which encourages and reinforces good behaviour. Furthermore, it is acknowledged that society expects good behaviour as an important outcome of the educational process.

Objectives

- To create an environment which encourages and reinforces good behaviour.
- To define acceptable standards of behaviour.
- To encourage consistency of response to both positive and negative behaviour.
- To promote self-esteem, self-discipline and positive relationships.
- To ensure that our expectations and strategies are widely known and understood.
- To encourage the involvement of all in the implementation of this policy.

Together we must work towards standards of behaviour based on the basic principles of honesty, respect, consideration and responsibility. It follows that acceptable standards of behaviour are those which reflect these principles.

We should aim to:

- create a positive climate with realistic expectations;
- emphasise the importance of being valued as an individual within the group;
- promote, through example, honesty and courtesy;
- provide a caring and effective learning environment;
- encourage relationships based on kindness, respect and understanding of the needs of others;
- ensure fair treatment for all regardless of age, gender, race, ability and disability;
- show appreciation of the efforts and contribution of all.

Rules, known as “Rules of the Boat” and procedures are in place to make clear to all how they can achieve acceptable standards of behaviour.
